CITY OF TERRE HAUTE PROPERTY TAX ABATMENT PROGRAM OVERVIEW AND GUIDELINE SCORING SYSTEM

Program Description

Property tax abatement in Indiana is authorized under Indiana Code 6-1.1-12.1 in the form of deductions from assessed valuation. Any property owner in a locally-designated Economic Revitalization Area (ERA) who makes improvements to the real property or installs eligible new or used personal property (such as manufacturing equipment and certain research and development equipment) is eligible for property tax abatement. Land does not qualify for abatement.

Scoring System

The City of Terre Haute utilizes a scoring system as a guide for determining the appropriate length of time (one of ten time periods can be used) of the property tax abatement(s) being sought for a proposed project. Additional information on the scoring system can be found elsewhere in this document.

Indiana Real Property Assessment Standard

A property's assessed value is the basis for property taxes. Annually, local assessing officials assess the value of real property on March 1 based on market value in use of the property. Property owners can estimate the property taxes for new construction by adding the cost of the land and improvements together and multiplying by the tax rate. For real property tax abatement calculation purposes, the cost of the improvements (the land itself cannot be abated) would be utilized as the real property assessed value. This real property assessment value would then be phased-in over one of ten time periods.

Indiana Personal Property Assessment Standard

Personal property values are assessed March 1 of every year and are self reported by property owners to township assessors using prescribed state forms. Generally speaking, personal property taxes are levied against all tangible property other than real property. Numerous deductions can be applied to personal property. Of course, the value of personal property over time will be subject to depreciation, therefore, applicants are advised to seek the counsel of a financial advisor to determine which asset pool(s) (see following table) would be applicable to their particular project.

Additional information on the State of Indiana's property tax assessment system can be found at the Indiana Department of Local Government Finance website at www.in.gov/dlqf.

Note: The total valuation of a taxpayer's assessable depreciable personal property in a single taxing district cannot be less than 30% of the adjusted cost of all such property of the taxpayer.

REAL PROPERTY ABATEMENT CALCULATION

Real property abatement is a declining percentage of the increase in assessed value of the improvement based on one of the ten following time periods and percentages as determined by the City Council:

Year:	10 Year	9 Year	8 Year	7 Year	6 Year	5 Year	4 Year	3 Year	2 Year	1 Year

Depreciable Personal Property Abatement Calculation

Year:	10 Year	9 Year	8 Year	7 Year	6 Year	5 Year	4 Year	3 Year	2 Year	1 Year

Project Eligibility Criteria

Decisions to designate areas as Economic Revitalization Areas are determined by the City Council. The City Council utilizes a numerical scoring system as a guide for designating areas as Economic Revitalization Areas within the corporate limits of the City of Terre Haute. Each project is scored on its individual merits. The points system that is utilized to evaluate projects considers the degree of revitalization that the project will have on the surrounding area as well as other facts such as employment (created and/or retained), investment, utilization of local construction firms and labor and so forth.

The following projects will be considered by the Terre Haute City Council for property tax abatement. The real property guideline project scoring criteria can be found in the section entitled "City of Terre Haute Real Property Tax Abatement Guideline Scoring Criteria" on page 8. For projects seeking personal property tax abatement, the

"City of Terre Haute Personal Property Tax Abatement Guideline Scoring Criteria" can be found on page 10.

- A. **Manufacturing Project** – Local manufacturing projects, local manufacturing-related office structures and local manufacturing-related warehouses that create or preserve employment within the city limits are eligible for property tax abatement. In the case of manufacturing facilities that directly produce product (as well as manufacturing related-warehouses), both real and depreciable personal property are eligible. In the case of manufacturing-related office structures, only real property is eligible for abatement. Also, certain research and development equipment may qualify for depreciable personal property tax abatement.

- B. **Non-Manufacturing Warehouse and Distribution Center Projects** – Warehouses and distribution centers not related to a local manufacturing facility may be eligible for both real and depreciable personal property tax abatement. To be eligible for property tax abatement, the facility must substantially serve markets beyond the Terre Haute metropolitan area.

EXHIBIT A

- C. **Office Space Development** – Office space developments within the city limits are eligible for real property abatement provided the project substantially serves markets beyond the Terre metropolitan area.
- D. **Historic Preservation** – Projects within the city limits that assist in the preservation of buildings of significant historical nature will be considered for real property abatement.

AGREEMENT

This Agreement (the "Agreement") dated as of the ___ day of _____, 2022, serves as a confirmation of Hydrite Chemical Co.'s (the "Applicant") commitment, pending a _____, 2022 public hearing, to comply with the project description, and job employment and retention (and associated wage rates and salaries) figures contained in its designation application, Statement of Benefits, the Preliminary Economic Revitalization Area Resolution No. 2, 2022, and attachments adopted by the Common Council of the City of Terre Haute, Indiana (the "Council") on Thursday, _____, 2022, and this Agreement (the "Commitment").

Subject to the adoption of a Final Economic Revitalization Area Resolution by the Council, the city of Terre Haute, Indiana (the "City") commits to providing a ten (10) year real property tax abatement for the Applicant's capital expenditure of up to \$7,200,000.00 associated with the construction of the Commitments. The capital expenditure of the Project and the filling of positions shall occur within five (5) years of the estimated completion date of August 31, 2022, contained in the approved Statement of Benefits Form SB-1 (the "Commitment Date").

During the term of the abatement, the city may annually request information from the Applicant concerning the status of the Project, the approval capital expenditure for the Project, the number of full-time permanent positions created by the Project, and the average wage rates and salaries (excluding benefits & overtime) associated with the position, and the Applicant shall provide the City with adequate written evidence thereof within 15 days of such request (the "Annual Survey"). The applicant shall provide a copy of the annual CFI to the Board of Public Works and Safety at the same time the CFI is filed with the County. The City shall utilize this information to verify that the Applicant has complied with the commitments contained in "the Commitments" at all times after the Commitment Date and during the duration of the abatement. The Applicant further agrees to provide the City with such additional information requested by the City related to the information provided in the Annual Survey and the CF-1 form within a reasonable time following any such additional request.

The City, by and through the Council, reserves the right to terminate the Economic Revitalization Area designation and associated property tax abatement deductions if it determines that the Applicant has not made reasonable efforts to substantially comply with all the commitments, and the Applicant's failure to substantially comply with the Commitments was not due to factors beyond its control. As used in the Agreement, "substantial compliance" shall mean the Applicant's

compliance with the following: Making capital expenditures of up to \$7,200,000.00 for the Project.

As used in this Agreement, factors beyond the control of the applicant shall only include factors not reasonably foreseeable at the time of the designation application and submission of Statement of Benefits which are not caused by any act or omission of the Applicant and which materially and adversely affect the ability of the Applicant to substantially comply with this Agreement.

If the City terminates the Economic Revitalization Area designation and associated tax abatement deductions, it may require the Applicant to repay the City all or a portion of the tax abatement savings received through the date of such termination. The amount of tax abatement required to be repaid for each year of noncompliance shall not exceed an amount equal to the percentage by which the Applicant has failed to attain substantial compliance in position retention and/or creation and average hourly wage rate and salary categories multiplied by the dollar amount of taxes actually abated. If the Applicant fails to substantially comply with more than one of the aforementioned categories, repayment shall be based on the highest level of noncompliance.

If any at time during the term of this Agreement, whether before or after the Commitment Date, the Applicant shall: (i) cease operations at the facility for which the tax abatement was granted; or (ii) announce the cessation of operations at such facility, then the City may immediately terminate the Economic Revitalization Area designation and associated future tax abatement deductions.

In the event the City requires repayment of the tax abatement savings as provided hereunder, it shall provide Applicant with a written statement calculation of the amount due (the "Statement"), and Applicant shall make such repayment to the City within 30 days of the date of the Statement. If the Applicant does not make timely repayment, the City shall be entitled to all reasonable costs and attorney fees incurred in the enforcement and collection of the tax abatement savings required to be repaid hereunder.
