Terre Haute City council,

I am currently a student at Rose Hulman and live about 15 minutes away from campus. This morning I left my house 30 minutes earlier than normal due to a test coming up that I wanted to get help with before I took it. I got stuck by a train for 25 minutes and was not even worth me leaving early and just wasted time that I. Could have been preparing. With the amount of trains that come through and the numerous times this has happened to me, I want some way for you guys to let the population of terre haute know when there will be a train coming through the middle of town especially if it is going to just park and split the city in half.

Sincerely,

Riley Roberts
